Breathtaking landscapes, perfect snow-covered stretches of land, majestic mountains, amazing peaks, perfectly groomed slopes...plus the magical atmosphere of winter in Val di Sole.

In the western part of Trentino, in an excellent position between Alto Adige and Garda Lake, you'll find this incredible valley called Val di Sole. Known for its spectacular mountain peaks that break through the sky at a height of over 3.000 m and even more so for the numerous days of sunshine throughout the year, it's definitely the perfect destination for those who love to ski or snowboard.

Can't get enough of thrilling freeride or downhill skiing? Want to feel the energy rush through you as you tackle crystal-white slopes? Or you may be looking for natural surroundings for a fantastic vacation with your family?

Then look no further, in Val di Sole's three ski areas there's something for everyone.

- Folgarida-Marilleva, this ski area with 25 lifts and 35 ski slopes provides fun and excitement on the snow in a true paradise for downhill skiers, snowboarders/freestyle snowboarders.
- Pontedilegno-Tonale, a freeriding paradise, that guarantees the chance to ski well into late spring thanks to the Presena glacier at a height of 3.000 m.a.s.l.
- Pejo where nature reigns, with stunningly beautiful slopes and the local thermal springs that have been renowned for centuries for their beneficial effects.

Discover all of the unique characteristics that Val di Sole has to offer and experience an unforgettable vacation under the winter sun.

valdisole.net/EN/getting-there

Reaching the SkiArea Campiglio Dolomiti di Brenta Val di Sole Val Rendena is incredibly easy thanks to the 8-passenger gondola lift with direct access from the Daolasa-Commezzadura local train station.

This ski area perfectly combines with the Trento-Malè-Marilleva 900 railway, creating a truly unique, convenient and efficient "road-railway-lift" transportation system. The first to be created in all of Italy!

Therefore you won't have to worry about traffic, parking or problems due to the weather and you can head off for that fantastic ski holiday that you've been longing for.

At the Trento station, get off of a Eurocity train and after just a few steps, take the train at the Trento – Malè – Marilleva railway station towards the snow covered slopes in Val di Sole. This transportation system can also be easily accessed by disabled persons.

GUARANTEED FUN³

The Folgarida-Marilleva ski area, with 25 lifts and 36 ski slopes (38% easy, 49% intermediate, 13% advanced), provides fun and excitement on the snow in a paradise for downhill skiers, snowboarders and freestylers.

The wide range of accommodation facilities available, which are often located directly on the slopes, gives guests the chance to choose the best possible solution for their ski holiday.

This ski area, with direct ski access to Madonna di Campiglio and Pinzolo, is part of the “SkiArea Campiglio Dolomiti di Brenta, Val di Sole Val Rendena”, for a total of 150 km of slopes that are all connected with a single ski pass. The Folgarida-Marilleva slopes can also be reached by taking the Dolomiti Express: this train stops right at the start of the Daolasa 8-passenger gondola lift, which is located right in the centre of Val di Sole, from where it is possible to reach a height of 2040 m in just 12 minutes.

WHAT'S NEW in the Folgarida Marilleva Ski Area!

NEW BLACK SLOPE “LITTLE GRIZZLY”

in the “Alta Val Panciana” area (Marilleva)

The brand new ski slope for experienced, expert skiers that love challenging “black” slopes.

This new run, that starts at the top of Monte Vigo at a height of 2.179 m, takes you through what can truly be called a couloir in the top part of the slope with a maximum slope gradient of 70%. The final part of the slope, with a lower slope gradient, runs parallel to the “Orso Bruno” slope and ends in the Malga Panciana plain, where it connects to the “Sghirlat” ski slope at a height of 1.929 m.

“MALGHETTE” SKI SLOPE EXPANSION

Restyling of the central section of the “Malghette” ski slope, the only direct ski connection to the Madonna di Campiglio Ski Area. The amount of skiable terrain of the slope will of course increase but it will also undergo major improvements concerning the snow conditions of the slope with the installation of a new snowmaking system and extremely efficient state-of-the-art snow cannons.

Fun³

The last step is up to you:
just grab your skis and go!

5

Preparation³

Our “snow experts” work day

4

Snowmaking³

Natural and programmed snow are
the secret for perfect snow
conditions on the slopes.

3

Snow³

Snow cannons ensure that the
white blanket on the
slopes is never too

FAMILY PARK FOLGARIDA

The Folgarida Family Park is the place for families to be! As well as lots of playground equipment such as slides and seesaws, fun is guaranteed with 2 magic carpets, a “Bamby” chair lift, a snowtubing hill and a merry-go-round for plenty of laughter and fun in the snow.

Whilst the littlest ones playfully take their first steps on skis, grown ups can propel themselves downhill on rubber tubes or join in group activities organised by the park’s friendly staff. The Family Park is easy to get to from the Folgarida and Belvedere gondola lifts, and is the icing on the cake for families visiting the Malghet Aut area!

Besides a children’s playland, qualified ski schools and enticing restaurants, the chief attraction here is the fantastic panorama of the Brenta Dolomites.

F R E E D O M ³

The holiday paradise between Trentino and Lombardy enjoys a particularly long skiing season, beginning in late autumn and continuing until well into the spring. This is thanks to the well-known Presena glacier which towers up to an impressive height of 3000 m.

Passo Tonale features 30 modern lifts and more than 100 kilometres of slopes. It's also a sure bet when it comes to snow, lavishing no fewer than 3 ski resorts with copious quantities of natural snow. Above all, Passo Tonale is famous for its legendary black run, the Paradiso slope.

Ultra long, ultra beautiful and ultra varied for an unparalleled adrenalin rush! A few years ago, a long red slope and a modern gondola lift were installed to connect Passo Tonale with the mountain town called Ponte di Legno, at a height of 1200 m.

CASOLA CHAIRLIFT

New 4-seater chairlift
in Pontedilegno.
A modern and inno-
vative ski resort!

NEW AT THE PRESENA GLACIER

In the summer of 2014, extensive work began at the Presena glacier, renovating the existing lifts and redeveloping the entire area.

The Paradiso-Presena chairlift and two ski tows, “Presena destra” and “Presena sinistra”, are being replaced by a new gondola lift which takes skiers up to the summit of the glacier, at an altitude of 3000 m. Not only is this much more convenient for those who come to ski in the area, but it will also enable summer visitors to make the most of the hiking region around the glacier.

The new gondola lift project will include a middle station at the same height as the Capanna Presena mountain hut (which will be reconstructed a little further to the left). The new lift is scheduled to begin operating in the coming 2015/16 winter season. In the meantime, the existing lifts will continue to run as usual.

PURE NATURE³

Pejo, a renowned spa resort and the oldest tourist resort in Val di Sole, has been known since 1650 far beyond the border for its thermal springs.

Skiers can enjoy fantastic slopes down to the best known summits of the Cevedale mountains and boundless fun in the snow in front of a breathtaking panorama. Pejo offers visitors 6 lifts and 20km of serviced slopes, and it can be reached via free ski buses from the surrounding villages.

Regarded as the most “natural” of the 3 ski resorts, Pejo is the ideal winter sports destination for families with children, where they can relax in this enchanting mountain landscape and enjoy skiing to their hearts’ content on the long but never crowded slopes. The thermal spa centre, completely renovated in 2012, offers relaxation for body and soul.

NATURE & WELL

URE ELLNESS³

Would you like to know more about the nature and landscape in Val di Sole, or maybe you're looking for somewhere to relax and recharge your batteries? Look no further – Val di Sole has everything you could wish for. Walk along one of the 36 signposted trails, either alone or with an experienced guide, to discover the breathtaking views. Enjoy the Stelvio National Park or the Brenta Dolomites on foot, skis or snowshoes; with a little luck, you might even encounter some woodland wildlife!

And after an exciting day through woods and mountains, you can pamper yourself by relaxing in Pejo's Thermal Spa Centre. Known for centuries for the healing powers of its springs, the town is still a popular destination for those seeking quiet and rest. Guests can treat themselves to soothing treatments, saunas and massages.

SKI SCHOOLS

SKIING MADE EASY³

Enjoy the wonderful mountains around Val di Sole by racing down a white, perfectly snow covered slope, accompanied by an expert – your ski instructor! Whether you're a beginner or an advanced skier, our qualified instructors, trainers and mountain guides offer individual ski lessons, and can cater to all needs!

No fewer than 300 ski instructors work for the various ski schools in the valley, and look forward to teaching you the different winter sports – downhill skiing, snowboarding or cross-country skiing. Children, disabled skiers, telemark fans, "New School" and freeride fans will also have a great time thanks to the wide range of courses offered in the ski schools.

Learn to move confidently in the snow, make new friends during lessons, and bond with the white powder snow!

CULINARY DELIGHTS

AMAZING FOOD³

Simple, natural, and – above all – unbelievably delectable: this is probably the best description of Val di Sole's cuisine.

All dishes are closely linked with fragrant hay, coupled with fresh mountain herbs and wild berries, and are deeply bonded with the region and the treasures it has to offer.

Cheese is an indispensable ingredient in traditional cuisine. Casolét, for example, a delicious local cheese, which has been awarded the renowned Slow Food certification, is available in Val di Sole from local cheese producers and the two major cheese dairies in the valley. Cold meats such as smoked bacon or "Luganega", a pork sausage, are amongst the typical products which are still manufactured by hand in many places in Val di Sole. Berries, mountain honey and aromatic herbs which infuse the simple, healthful and tasty regional dishes with flavour are also an integral part of Val di Sole cuisine.

Our tip: In the restaurants, agritourisms and "osterias" in the valley, the menus include traditional dishes such as "Tortei di patate" (potato pancakes), "gnocchi" with mountain herbs, dumplings, wild game with polenta and mushrooms or barley soup. In short: the ultimate in culinary delights.

A RECIPE TO PREPARE BACK HOME BUCKWHEAT DUMPLINGS WITH CASOLÉT

Cut the bread into small chunks and mix with the warm milk, eggs, parsley, salt and nutmeg.

Finely chop the onions and sauté in butter. Add the bread mixture and leave to soak for approx. 30 mins.

Now add the buckwheat flour and shape the mixture into dumplings. Press a piece of Casolét into the heart of each dumpling.

Cook in salted water for 15 mins and serve with grated parmesan and melted sage butter.

Enjoy your meal!

Ingredients for 4:

150g stale bread
100ml milk
2 eggs
30g butter
75g buckwheat flour
1 white onion
80g Casolét cheese
80g Trentino parmesan cheese
sage butter, parsley
salt and nutmeg
